

Jackson's Hole Courier

Many Enjoy Dance At Hatchett Ranch

For some time many young people had been planning to have the time of their lives at the up country dance, supper and general good time, and when the crowd assembled at the Hatchett Ranch on Saturday night, July 9th, the management entertained in a royal manner. Everyone there was made to feel at home and that this was the place where every one could get together and have a real good time.

The crowd soon got down to business and by the time the midnight lunch was served those that were not hungry needed a rest.

Every section of Jackson's Hole was represented at the dance and judging from this year's crowd and the splendid time, next year there will have to be two barns or else arrangements made to dance in relays. The management did everything possible to show us a good time, and they succeeded; the crowd was good, and the music fine, so next year Let's All Go.

Motor Accident

One of the Yellowstone Park transportation buses carrying tourists through the park upset on the Cody road last Monday. Several persons were badly injured, the driver probably fatally and a young girl, who was pinioned between the car and a tree, died before medical assistance could be secured.

Suffers Broken Leg

While mounting an old-time buckner on Tuesday afternoon, Elmer Shannon was thrown from the saddle and received a very painful injury. His leg was broken just above the ankle joint and the ankle itself was dislocated.

Tough luck; but we hope with you for a speedy recovery.

Dislocates Shoulder

Lester Leek, star third sacker for the Jackson base ball team, dislocated his shoulder during the game last Sunday. This makes the fifth time for this shoulder, while the other one has been dislocated three times.

You're sure game, Lester, and we are proud of you.

Killed By Lightning

Lon Kersley, the fourteen-year-old son of Mr. and Mrs. Ed. Kersley of Victor, Idaho, was killed by a bolt of lightning on Monday, while working in the field on a mower.

Noted Cartoonist Passes Thru Jackson's Hole

Oscar Hitt, the famous Katzenjammer artist for the New York World, passed through town on Tuesday.

Just by accident his identity became known by Mr. Bailey, who is running the refreshment counter next to the Jones Grocery Store, persuaded him to leave with us a souvenir.

Considerable interest has been created in the pictures which he drew on the sign board.

Watch for Buick

Word was given by the sheriff at Ferry, Montana, that a Buick K5 touring car, license number 612727 and motor number 605037 was stolen. A reward of \$50.00 is offered for apprehension of the thief or thieves.

A New School For Girls

The Episcopal church has a new school for girls which will open at Laramie next fall. A fine, large house has been given for this purpose and the trustees have secured the services of an experienced teacher to be matron and head of the institution.

The girls will be given the protection of a fine home and will receive their regular schooling at the Laramie Public School. This is done to give parents an opportunity to educate their children at as low a figure as possible.

In the Cathedral School pupils will be taught conversational French, folk dancing, social dancing and such other subjects as may seem best in order to round out the general education of the pupils. No subject taught in the public schools will be taught in the Cathedral school. Social life will be provided under proper chaperonage.

Girls who are not members of the Episcopal church will be welcomed to the school and all will be given the same religious instruction.

Will Test Teton County Division

Legal Proceedings to be Instituted to Determine Legality of Teton County—Constitutional Question Will be Raised

A suit will be filed in the District Court within a few days to test the legality of the creation of Teton County. A large number of residents of the proposed new county have employed Attorney R. R. Rose to institute proceedings.

There has been considerable doubt in minds of many of the leading citizens of the Jackson's Hole country regarding the validity of the law creating the new county, and it is to determine this question that the action will be brought. It is understood to be the desire of the majority of the taxpayers in the new county to have the matter settled by the courts, and the action taken will be in the nature of a friendly test case.

The section of Lincoln County embraced within the boundaries of the new Teton County has assessable property something over two million dollars and a population of something less than two thousand, whereas the law passed by the 1910 legislature provided that no new county should be created with less valuation than five millions or less population than three thousand. It is understood that this is one of the points that will be relied upon in the pending suit.—Kemmerer Camera.

Boy Scouts of America

Our Troup of Boy Scouts now has sixteen members, ten in the Jackson patrol and six in the patrol at Kelly.

Meetings are held regularly in Jackson and Kelly. There have been five trips taken the past two months, four trips on horse back, and one through the Hoback canyon by auto.

Boys twelve years of age are eligible for membership. The scout master, Rev. Harold John's, will be glad to inform parents of the rules and ideals of this great organization.

The Jackson boys meet Wednesdays at the Hostel, at 8:00 o'clock, and the Kelly boys meet at the same hour each Thursday evening in the Kelly rectory.

Several other parties throughout the valley who did not sign the contract have expressed a desire to share the burden should there be a financial deficiency.

Have you noticed how a select few are continuously wreathed in smiles? Cauova is home.

FRANK MAYO in the startling story of a red-blooded Millionaire who tackled a tangled mystery of intrigue, love and diamonds. See "The Fighting Lover" Sunday night.

GIRLS WANTED

That's what he had advertised. See Frank Mayo next Sunday nite.

Flying to the Virgin Islands

These are the two crews of marine corps aviators who left Anacostin, D. C., on the first leg of a 5,500-mile flight from Washington to the Virgin Islands. Two De Havilland planes were used for the trip.

Following Letter Was Received From a Kelly Correspondent

Kelly, Wyoming, July 16th, 1921.

Editor Jackson's Hole Courier, Jackson, Wyoming,

Dear Sir:

You have so often invited, both in person and through the columns of your paper, some one from Kelly to reply to the attacks on Kelly over this county seat proposition. I think it is time we accepted your invitation and that we get a little stuff before the people of Jackson's Hole that is to the point so the people may see just what kind of a stunt you Jacksonites are trying to pull off down there. Now don't get "fuzzy-wuzzy" and come up here to shoot me, just go ahead and print this, and when this scrap is over just go ahead and start another and I will help you finish it. Now this must be done at long range for I don't care to get hurt or kill any of my Jackson enemies, so hold your temper, but remember I don't want your friendship, I just want a scrap. Now this is what I think.

Judging from an editorial published in the Jackson's Hole Courier, dated July 14th, headed "Teton County (Editorial)," we think the owner or manager of the Courier has turned the editorial columns of the paper over to some misinformed child or a grown up described as follows: A small black animal with two white stripes down the back which usually forces its impudence on the public by saturating its tail in a foul fluid and shaking it in the faces of those who come in contact with it.

Now if the Courier thinks the Courier or the people in Jackson can force a cut and dried county division proposition that is illegal from start to finish on the general people of Jackson's Hole, why guess again. Why the stuff you don't go in Jackson's Hole. [The words represented by blanks we did not care to publish.—Editor.]

SECOND: If the votes cast in the last election was properly canvassed it would probably be a tie or a majority of one in favor of Kelly. However, this is not the trouble. The trouble is just this. The whole proposition before the election was called illegal and full of errors which must be made right before going any further, regardless of the cheap, political ring of Jackson.

THIRD: Mr. Rose has no personal feeling in this affair except to serve those who employ him to try and right these inexcusable errors that the wise heads of Jackson are trying to impose on the heads of the people of Jackson's Hole. Why, the people saw what a poor, cheap, illegal proposition Jackson was trying to impose on them, and they called an indignation meeting to try and right this miserable procedure. At this meeting it was voted to send for Mr. Rose for legal advice.

We hope the Courier in Jackson will not think we do this to court their friendship. We don't care, friend or foe, this is business and will be settled and finished in a business way.

Very truly yours,
A. L. COREY.

Chautauqua A Huge Success

This evening's performance concludes the program for this year's chautauqua. It would be impossible to give in a few words an idea of all the splendid features of the program. Every one is well pleased and the chautauqua workers wish to thank everyone for the friendly, hospitable treatment they received while here and to assure us that they too enjoyed the work.

Chautauqua Benefit Dance TONIGHT

Admission \$1.00. Ladies Free
No War Tax as the Chautauqua Is on a Non-Profit Basis.

Basket Supper
Baskets to be Flat Rate of \$1.00.

Girls, it's not necessary to make up an elaborate basket, pack a simple lunch.

Everybody Turn Out and Make This Dance a Real Success

Brief Wyoming News Notes

(Western Newspaper Union News Service.)
COMING EVENTS.
Cheyenne, Wyo.—Annual Frontier Days Celebration, July 26 to 29.

With the favorable endorsement by the State Board of Charities and Reform, Manager Both of the Wyoming state fair will be able to relieve a bit of the congestion which occurs at the fair every year, and is going ahead with his plan, for increased space in the Arts building at Douglas.

Reduction of the transcontinental air mail service from four divisions to three, effective July 1, has been announced by A. E. Dumphy, superintendent of the Chicago-Rock Springs, Wyo., division. The new divisions will be: New York-Chicago, Chicago-Rock Springs, Rock Springs-San Francisco, Salt Lake and Cleveland will be eliminated as division points, he said. The central division will be approximately 1,100 miles air line and the others each 800 miles.

William Stewart, colored, is in a serious condition at St. John's hospital in Cheyenne from four bullet wounds in the body, inflicted, police say, by Joe Mayo, who is in the county jail. Two negroes, Susie Brodus and Clara Williams, to the former of whom Stewart was engaged, are held as witnesses. The shooting occurred in the negro quarter in a house to which it is alleged Stewart was decoyed by Mayo, who, it is said, was jealous of his engagement to the Brodus woman.

The school board of Laramie school district has awarded to William DuBois, an architect of Cheyenne, the contract for the plans and specifications for a new building to house the manual training and domestic sciences departments of the city schools, and as soon as the plans and specifications have been prepared, and estimates secured as to the cost of the structure a special meeting of the electors of the school district will be called to vote \$125,000 in bonds to furnish funds for the work.

Three violent deaths occurred in Sundance within a few hours recently. Ralph McHenry, 38 years old, suffered a broken neck and died soon after when the automobile he was driving skidded and turned over, pinning him underneath. Walter Atkinson, 41 years old, of New Haven, Conn., was dragged to death by a horse he was attempting to ride. The boy's father witnessed the accident, but was powerless to save him. Louis Schneider, 78 years old, prospector, was found dead in his cabin, shot through the heart. The coroner's jury returned a verdict of suicide.

Petticoat government initiated in Jackson for the first time anywhere in the United States when an all-women administration was elected here a little over a year ago and re-elected again this spring, probably will be extended to cover all of the famed Jackson's Hole country, one time rendezvous for bandits and "bad" outlaws. Returns compiled on the recent special election showed that the proposed division of Lincoln county has carried by seven hundred majority and that Jackson has been chosen as the county seat for the newly created Teton county.

Miss Margaret Grier, prominent young society girl of Cheyenne and former student at the University of Denver, died from injuries received three weeks ago when she was struck down by Sam Underwood, her former sweetheart, who is alleged to have been crazed by jealousy when he saw her in company with another man.

Wyoming crude oils of all grades have been cut 15 cents a barrel in price. The announcements were made by the Midwest Refining Company at Casper and the Ohio Oil Company at Findlay. This brings the price of Wyoming crude to the lowest point since 1914, when the price of Salt Creek output was quoted at 50 cents a barrel.

The Wyoming state convention of the American Association for Recognition of the Irish Republic, in session in Casper, voted a resolution to be wired to President Harding, Senators Warren and Kendrick and Congressman Mondell, urging them to give their full support to the Norris resolution condemning British atrocities in Ireland, and asking that this government recognize the Irish republic.

The sheriff's office of Basine, in connection with the police department of Greybull, made a raid on a Chinese joint in Greybull and arrested two Chinese, Toy Sooy and Tom Goom, and secured about \$2,000 worth of narcotics, including cocaine and morphine. Goom was under the influence of drugs when arrested. It is stated that the Chinese had been selling dope at \$1 a pinch in Greybull.

If present indications are correct, Cheyenne will have a crowd never before equaled and difficult to equal again for its Frontier celebration.

State Extension Worker Coming

Mr. A. E. Bowman, State Director of the University Extension Service, will be in Jackson's Hole July 22 and 23. Mr. A. D. Egbert, County Agent, who was here the first of June, will come with Mr. Bowman. The meetings which have been scheduled are for the purpose of further explaining the work of the Extension Service and the Farm Bureau.

As this will be Mr. Bowman's first opportunity of meeting the people of the new Teton county, he is very anxious that as many as possible be present at the meetings. He will tell of the work in the other counties of the state, and the work of the national organization. He will also want to discuss any local problems which may be facing the ranchers of this section of the state.

The following schedule has been arranged:

- July 22, at 2:00 P. M.—Wilson
- July 22, at 8:30 P. M.—Jackson.
- July 23, at 2:00 P. M.—Grosvont.
- July 23, at 8:30 P. M.—Elk.

Miss Evelyn Black, Home Demonstration Agent who was here in June, will return in August. The schedule for the work which she is planning for her meetings will be announced soon. She will probably have the privilege of bringing Miss Alta Emmerson, Assistant State Club Leader, to Jackson's Hole. Miss Emmerson is a clothing specialist, and will be prepared with some very interesting work for the women.

Local Items

Mr. McCracken, editor of the "Boomerang," a first class news paper published at Laramie, Wyoming, stopped at the Courier office on Saturday for a chat. He is touring through the park, and thinks Jackson is a town with a future. Thanks Mr. McCracken. A future marked by steady progress, we feel sure.

Mrs. Ed. Myers, Mr. and Mrs. O. L. Lunbeck and Rafe Mulherin narrowly escaped injury at the ball game Sunday, when a foul ball tipped from the bat of Buzz McKean hit and shattered the windshield of the Lunbeck car, which was parked on the side lines north of the catcher's plate.

After a pleasant two weeks' visit with her parents, Mr. and Mrs. W. C. Deloney, Miss Fae returned to Ogden, Utah, on Tuesday where she will resume her duties as nurse at the Dee hospital. We enjoyed her company and were sorry to see her leave.

Miss Alice Bradbury, the new nurse at St. John's, is here from Idaho Falls for a couple of months this summer. While Miss Bradbury is here Miss Kitty is to have a well-earned vacation. She says she is going to visit in the country.

Miss Garnet Thomas and her friend, Miss Irene Jackson, both of Kemmerer, will spend a week or two here just to—well, just two.

Jack Edmiston, of the lower Bar B C ranch, underwent an operation yesterday at the St. John's Hospital. He is improving rapidly.

Merrill Baudry, of the White Grass ranch, is recovering from the attack of pneumonia with which he has been in the hospital.

Mrs. Ruth Thomas and son, Roy, are planning to spend the summer in Jackson's Hole. They arrived in here on Monday.

Come to Jackson's Hole. Wonderful scenery, reasonable prices, accommodations good, and the food can't be beat.

Mr. John Pedersen returned on Monday from Sweden where he has been visiting his brother.

Miss Selma Kanse, of Washington D. C., is making a several weeks visit with the McKinstry's at the Kin Ranch.

Charles Allen and wife were in town on business Monday.

Junior Chautauqua

This morning over 45 girls and boys took part in the Junior Parade. All manner of costumes were in evidence and if you doubt the worth of this part of the Chautauqua, just ask the children about it.

Jackson's Hole should be proud to know that this group of youngsters, over 85 in number, is the second largest group this year on this circuit.

This afternoon a number of the girls and boys gave an exhibition of some of the games and folk dances they have learned in four days.
